

# Through the Bible: A New Operating System

Galatians 5:16-26

**The Holy Spirit is a new  
operating system that transforms  
our hearts and actions.**

- Competing Desires**
- Life in the Flesh**
- Life in the Spirit**

# Competing Desires

- Flesh: Our fallen humanity that is in rebellion against God
- Spirit: God who comes to live in the hearts of His people
- Only the Spirit can change our hearts

Gal. 5:16-26

# Life in the Flesh

- Sin: Loving the wrong things in the wrong ways
- Our deepest love is always meant to be for God
- Trying to earn your salvation means loving your ways more than God's ways

Gal. 5:16-26

# Life in the Spirit

- Fruit doesn't make a tree healthy, it shows how healthy the tree already is
- Unless all the fruit are present, none of them are real
- Fruit takes time to grow

Gal. 5:16-26
