- **Our Proper Response**

# Why We Trust in Others

- The problems of life are meant to teach us to depend on God
- When we're aware of the world's problems, but not of God, we turn to other "saviors"
- One common "savior": powerful and influential people
- Idol: Something we hope or rest in other than God to know things will be ok

Psalm 146

# Why Others Aren't Trustworthy

- All the powerful and influential people in the world will die, and when they die they can't help you anymore

# Why God is Trustworthy

- God is the Creator who made everything
- God is the Redeemer who helps and rescues the needy
- God is the King forever

# Our Proper Response

- Praise God
- Hope in God
