SHARING GOD'S FAITHFULNESS

PSALM 40

**The proper response to God's faithfulness
is to share it with others.**

- David's Response
- How He Shared
- Who He Told

David's Response

- David responds to God's rescue by singing a new song to God
- God's faithfulness leads David to share about that faithfulness with others

How He Shared

- David is simply sharing his story
- What has God done for you? Who can you tell about it?
- How to tell the story of trusting in Jesus: What my life was like before, how I became a Christian, how my life is different now

Who He Told

- David shares with those who already trust in God and with those who don't
- Benefits of sharing God's work with church:
 1. It strengthens the faith of believers
 2. It's probably sharing the message with unbelievers
 3. Sharing in a safe place makes sharing other places feel more natural
