

# Remember

Joshua 4

**Remembering God's  
blessings is honoring to God.**

- 1. The Importance of  
Remembering**
- 2. The Blessings of  
Remembering**

# The Importance of Remembering

- Failure to remember God's work can have devastating consequences
- Israel's failure to remember God's work led to their kids not knowing God
- There is a natural tendency in the human heart to tend toward forgetfulness
- God has built reminders of His work into the life of the church so we can remember what He has done

# The Blessings of Remembering

- For Us
  - That we may fear the LORD forever
- For Others
  - When we remember what God has done for us, it will lead to those around us knowing Him

**“To be on mission with Jesus is to remember that we were plucked from death through the grace of Christ. It was not our [great] theology that saved us. We were once heretics, rebels, and heathens who hated God until he turned his face toward us. Therefore, our verbal proclamation of the truth of Christ must first be inspired by compassion—to engage our neighbors in a [conversation] and say, “I know what you are looking for; I was once there looking for it too, and I found the answer in Jesus.”**
